

# 2023 Annual Report to the School Community

School Name: Eastern Ranges School (5309)

- all teachers at the school meet the registration requirements of the [Victorian Institute of Teaching \(VIT\)](#)
- the school meets prescribed Minimum Standards for registration as regulated by the Victorian Regulation and Qualifications Authority (VRQA) in accordance with the [Education and Training Reform Act 2006 \(Vic\)](#) (this includes any exemption granted to this school by the VRQA, for the most recent calendar year, in relation to minimum student enrolment numbers and/or the curriculum framework requirement to deliver a languages program)
- the school meets the requirements of the Child Safe Standards as prescribed in [Ministerial Order 1359 – Implementing the Child Safe Standards – Managing the risk of child abuse in schools \(PDF\)](#).

Attested on 23 April 2024 at 08:08 PM by Samuel Silverwood (Principal)

- This 2023 Annual Report to the School Community has been tabled and endorsed at a meeting of the school council and will be publicly shared with the school community

Attested on 24 April 2024 at 11:28 AM by Adam Coode (School Council President)

# How to read the Annual Report

---

## What does the 'About Our School' commentary section of this report refer to?

The 'About our school' commentary provides a brief background on the school and an overview of the school's performance over the previous calendar year.

The 'School Context' describes the school's vision, values, and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics, and special programs.

The 'Progress towards strategic goals, student outcomes, and student engagement' section allows schools to reflect on highlights related to implementation of and progress towards the School Strategic Plan and Annual Implementation Plan, and efforts to improve student learning, wellbeing, and engagement.

---

## What does the 'Performance Summary' section of this report refer to?

The Performance Summary includes the following:

### School Profile

- student enrolment information
- the school's 'Student Family Occupation and Education' category
- a summary of parent responses in the Parent Opinion Survey, shown against the statewide average for Specialist schools
- school staff responses in the area of School Climate in the School Staff Survey, shown against the statewide average for Specialist schools

### Learning

- English and Mathematics for Teacher Judgements against the curriculum

### Engagement

Student attendance and engagement at school, including:

- how many exiting students go on to further studies or full-time work

Results are displayed for the latest year and the average of the last four years (where available).

Key terms used in the Performance Summary are defined below:

### NDP and NDA

'NDP' refers to no data being published for privacy reasons or where there are insufficient underlying data. For example, very low numbers of participants or characteristics that may lead to identification will result in an 'NDP' label.

'NDA' refers to no data being available. Some schools have no data for particular measures due to low enrolments. There may be no students enrolled in some year levels, so school comparisons are not possible.

Note that new schools only have the latest year of data and no comparative data from previous years. The department also recognises unique circumstances in Specialist, Select Entry, English Language, Community Schools and schools that changed school type recently, where school-to-school comparisons are not appropriate.

### What is the 'Towards Foundation Level Victorian Curriculum'?

The Victorian Curriculum is assessed through teacher judgements of student achievement based on classroom learning.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with disabilities or students who may have additional learning needs

'Levels A to D' are not associated with any set age or year level that links chronological age to cognitive progress (i.e., there is no age expected standard of achievement for 'Levels A to D').

## Updates to the 'Performance Summary' in the 2023 Annual Report

Reporting on the following measures has been updated in the 2023 Annual Report to align with changes to departmental and public reporting products.

### **Parent/Caregiver/Guardian Opinion Survey, School Staff Survey and the Attitudes to School Survey**

The calculation of the percentage endorsement for all survey measures has been revised to no longer include skipped responses. This applies to all survey measures reported in the Performance Summary. The change to the calculation reduces the negative impact of skipped responses on school results, particularly where there were a small number of respondents to the survey.

Additionally, the Parent Satisfaction measure has been revised to use the percentage endorsement of the 'General School Satisfaction' factor of the Parent/Caregiver/Guardian Opinion Survey only. Previously, this measure reflected an average of multiple factors in the survey. The change to reporting a single factor is consistent with how Parent Satisfaction is reported to schools and in other public reports.

Draft

# About Our School

---

## School context

At Eastern Ranges School we are committed to the success of all of our students in a positive, safe and collaborative environment that values diversity, respect and recognises the contribution of all, celebrates achievement and builds community. As outlined in the 2022-2025 Strategic Plan, our goals are to

- 1) Maximise student learning growth for all students
- 2) Improve student engagement and motivation in learning
- 3) Improve the personal and social capabilities of each student

Eastern Ranges School is located in Ferntree Gully in the North Eastern Victoria Region, on the land of the Wurundjeri people of the Kulin nation. The school provides education for children with an autism diagnosis, intellectual disability and language disorder, across foundation to Year 12. In 2023 there were 198 students enrolled with planned growth to 215, if we are granted funding to complete our masterplan. Our facilities include age-appropriate classrooms and playgrounds, therapy rooms, library, a gymnasium, sports court and pool. The vocational education room is designed to develop and build work ethics and employability skills. We also have a primary school kitchen and industry standard kitchen, Eastern Ranges Coffee Beans Café run by our barista trained students, a contemporary living centre that develops functional living skills, and a professional learning centre which supports our commitment to lifelong learning for our school and wider community. The staffing profile (133 EFT) was made up of 1 principal, 2 assistant principals, 4 learning specialists, 5 leading teachers, teachers and education support staff (including business manager, administration and multidisciplinary staff). As an educational provider, Eastern Ranges School develops and implements Autism innovative and specialised programs that focus on the needs of autistic students. Our programs are informed by current research and are embedded in best practice and prepare our students and their families for the future. Our vision is supported through our values of teamwork, respect, inclusion, responsibility, achievement and optimism which are underpinned by our School Wide Positive Behaviour Support (SWPBS) commitment to work together to create safe, respectful and responsible learners.

---

## Progress towards strategic goals, student outcomes and student engagement

### Learning

The most recent school review highlighted the learning goal of maximising student learning growth for all students. This goal has associated key improvement strategies which the school have begun to put in place. The school's pedagogical model continues to be at the forefront of teaching and learning across the school. It is kept alive and relevant by regular professional development in both staff meetings and collaborative planning sessions. In order to increase teacher collaboration and efficacy, a number of initiatives have been put in place, namely class walk throughs. Learning specialists and leading teachers have been conducting these taking into account our tier 1 intervention strategies. This has increased the objectivity of the observation and increased the accuracy of the data that is used. This process has increased teacher collaboration and is sure to improve collective teacher efficacy. Their brief, on-the-spot, walkthroughs have ensured that teachers are teaching to their plan and give an opportunity for the leading leaders to see the pedagogical model in action and provide positive feedback to teachers in the form of a follow up email. Next steps will be for peer observations and use of SWIVL cameras, purchased so that teachers could record themselves and then reflect on their own practice.

### Wellbeing

In 2023 the school continued to promote a safe and positive learning environment through our continued implementation of school wide positive behaviour support (SWPBS). There was an explicit behaviour focus across the school drawn from our behaviour matrix, ensuring consistency of practice and expectation across the school. A data recording system which showed visits to the token shop was collated and there was a focus on increasing these positive experiences for our students. The school was successful in gaining a Silver accreditation for its implementation of SWPBS across the school. A wellbeing officer was employed on a part-time basis for the whole of the year. This ensured that there was wellbeing support available for students, their families and staff. Several initiatives continued to run in 2023, these included the ICan program, the PEERS program and lunchtime clubs. The ICan program was a series of 10 sessions facilitated by neurodiverse young people. The program focussed upon teamwork, wellbeing strategies and self esteem. The year 9/10 students who took part really benefitted from the program. The PEERS program was trialled for our year 7-9 students. The program was specifically tailored so that it was accessible for all of our diverse

learners. We observed some encouraging improvements in the wellbeing and social skills of our students, student feedback on the project was positive. The lunchtime clubs proved to be very popular and included 'Junior Dog Trainers', 'Lego Club', 'Bluey Club' and 'Gaming Club'. These successful clubs were run by the therapy team.

## Engagement

In 2023 we continued our commitment to providing a safe learning environment by continuing to have 3 Engagement and Wellbeing support staff across the school. This increased the ability of staff to effectively support students in a timely manner across the school. The average number of days absent for our students in 2023 was just below the previous year with 30 days average per student, as opposed to 32 in 2022. Our 4 year average is 26 days per student. This continues to be an area of work for us. Much to our frustration, students attending therapeutic services within school hours are counted as a part of this data. We continue to meet as a team to ensure that we are supporting each and every student to attend school. We will continue to work with each student and their family to increase our attendance rates. We are proud of the outcomes obtained by our graduating students. The school will continue to engage with our alumni to ensure we provide the best possible outcomes for our students. It was pleasing to see that 76% of our school leavers were completing school and going on to a positive post school placement. We will endeavour to bring this number as close to 100% as possible in 2024 and beyond. Our 4 year average is 89%.

---

## Other highlights from the school year

2023 saw many highlights across the school, these include:

- Year 9 Overnight camp at Blackwood in term 4
- Science incursion (Robotics) for both primary and secondary aged students
- Movie night at Metro Cinemas, Boronia
- Graduation night at Chirnside Park Country Club
- Continued growth of our partnership with Interchange (OSHC)
- ICan network coming in to our school
- ERS Cafe (for both staff and students)
- A committed school council (including a meeting during the school day where students were able to present to council)
- The commencement of stage 1 of our building program (Senior wing refurbishment)
- Transition sessions for new students/Info sessions for new parents (throughout term 4)

---

## Financial performance

The school ended 2023 with a surplus of \$1.2 million. The school received equity funding of \$43,000 which was allocated to support the implementation of Respectful Relationships throughout the school. We also received a grant of \$150,000 to continue to support the outside school hours care program (OSHC). This grant went to Interchange to cover staffing costs associated with providing extra staff for the students. The school spent over \$1 Million in costs for casual relief staff, teachers and education support, over the course of the year. We also contributed \$140,000 to the completion of our new Senior playground, estimated for completion Jun/Jul 2024.

**For more detailed information regarding our school please visit our website at**  
<https://easternrangesschool.vic.edu.au/>

# Performance Summary

The Performance Summary for government schools provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes 2.0 (FISO 2.0).

Refer to the 'How to read the Annual Report' section for help on how to interpret this report.

## SCHOOL PROFILE

### Enrolment Profile

A total of 193 students were enrolled at this school in 2023, 37 female and 156 male.

12 percent of students had English as an additional language and 2 percent were Aboriginal or Torres Strait Islander.

### Overall Socio-Economic Profile

The overall school's socio-economic profile is based on the school's Student Family Occupation and Education index (SFOE).

SFOE is a measure of socio-educational disadvantage of a school, based on educational and employment characteristics of the parents/carers of students enrolled at the school. Possible SFOE band values are: Low, Low-Medium, Medium and High. A 'Low' band represents a low level of socio-educational disadvantage, a 'High' band represents a high level of socio-educational disadvantage.

This school's SFOE band value is: Low - Medium

### Parent Satisfaction Summary

The percentage endorsement by parents on their General School Satisfaction, as reported in the annual Parent/Caregiver/Guardian Opinion Survey.

Percentage endorsement indicates the percent of positive responses (agree or strongly agree) from parents who responded to the survey.

### School Staff Survey

The percentage endorsement by staff on School Climate, as reported in the annual School Staff Survey.

Percentage endorsement indicates the percent of positive responses (agree or strongly agree) from staff who responded to the survey.

Data is suppressed for schools with three or less respondents to the survey for confidentiality reasons.

## ENGAGEMENT

### Average Number of Student Absence Days

Absence from school can impact on students' learning. Common reasons for non-attendance include illness and extended family holidays.

Student Absence	2020	2021	2022	2023	4-year average
School average number of absence days:	23.4	21.0	32.1	30.4	26.8

### Students exiting to further studies or full-time employment

Percentage of students going on to further studies or full-time employment.

Note: This measure refers to data from the previous calendar year. Data excludes destinations recorded as 'Unknown'.

Student Exits	2019	2020	2021	2022	4-year average
School percent of students with positive destinations:	88.9%	100.0%	93.8%	76.5%	89.6%

# Financial Performance and Position
